

Dear Valued Customer,

We wanted to take the opportunity to remind you that on **July 1, 2016** Ardent Mills transitioned to a new technology platform at our Mississauga mill. This technology will help simplify the way we operate and provide the best service possible to your business.

Some of the positive changes you will experience are noted below:

Order

As part of the transition to our new technology platform, product names will now contain an item number. If you aren't sure what your product name should be, please see the included product name cross reference sheet, or contact your Ardent Mills account representative.

Delivery

Your delivery documents such as Certificates of Analysis and Bills of Lading will provide the same information, but now have an Ardent Mills look and feel. Examples of these documents are available on the [Ardent Mills Customer Care Center](#).

Please Note:

- The **Lot Code** for **Bulk Loads** will be the same number as the Sales Order number. The Sales Order number is also the Bill of Lading number.
- The **Lot Code** for **Packaged Items** will be an internal manufacturing order number, which begins with the letter C.

Finance
