

GRAIN BERRIES

Add color, texture and nutrition to any application with premium quality grain berries from The Annex by Ardent Mills.

Consumers everywhere are clamoring for more delicious, nutritious grain berries. From grain bowls and salads to soups and breads, grain berries add color, texture and nutrition to a variety of applications that can help meet the growing demand for more plant-based foods. At The Annex by Ardent Mills, we've invested in our Denver mill to enhance its capabilities — we can now clean, dehull, color sort, pearl and package grain berries. We place food safety at the forefront of everything we do in order to provide high-quality ingredients that allow you to focus on what matters most to your business — creating great products.

Add More Flavor and Texture to Any Application With Grain Berries

Enhance the nutrition of soups with our **Sustagrain® Barley**

Create more flavorful breads, pastries, pastas and more featuring **Rye and Sustagrain®**

Craft delicious grain bowls featuring **Farro**

Brew, malt and distill using our **Rye, Barley and White Sonora Wheat**

Add extra texture to salads with flavorful **White Sonora Wheat**

Produce hearty pet food featuring our **Pearled Barley**

Offer inspired breakfast alternatives like **Spelt** crepes

Boost your cereal or granola bars nutritiously with **Triticale**

At The Annex by Ardent Mills, we focus on cultivating the grain- and plant-based foods of tomorrow, all backed by the Ardent Mills Advantage — our suite of value-added services from culinary to product development and marketing to risk management, technical and processing support — helping you to succeed.
