CUSTOM MULTI-GRAIN BLENDS AND MIXES

Ardent Mills provides the innovation and flexibility to develop and produce customized multigrain blends and mixes to support ever-changing consumer trends.

PACKAGING

All varieties are available in 50 lb bags and in bulk. Custom pack and store-brand options are available.

FOOD SAFETY

The world of food safety is changing, and, depending on your application, flour can be a risk factor. Ardent Mills SafeGuard® Treatment & Delivery System is the state-of-the-art integrated production and distribution process for flour with up to a 5-log reduction. The SafeGuard heat treatment process preserves gluten functionality and taste while mitigating microbiological risk associated with raw flour.

TECHNICAL SUPPORT

Our industry-leading technical service team is available to support you at your bench, at your plant or in your restaurant. Or come visit our Ardent Mills Innovation Center (AMIC), a state-of-the-art facility featuring pilot flour mills, analytical, baking quality and product development laboratories along with a fully equipped culinary center—all the components needed to support your rapid innovation and commercialization.

To celebrate the tradition of authentic, artisan baking passed down through families for generations, we've created Simply Milled flours. Using the same trusted, time-honored methods used by millers for centuries, Simply Milled has **no enrichments, bleach or bromate**. Available in organic, it's simply wholesome flour milled from some of the finest wheat grown from family farms, delivering goodness you can trust.

Nourishing The Future

ARDENT MILLS ORGANIC INITIATIVE 2019

Ardent Mills successfully led the way to meet growing industry demand for organic flour with our Organic Initiative 2019, which assisted U.S. wheat growers in doubling organic wheat acres. With educational support from Oregon Tilth, the Organic Initiative continues to offer support to family farms as they transition to this growing market, while providing our customers with an assured supply for their new product and menu introductions.
