Re: Ethylene Oxide and Phthalate Esters

Dear valued customer,

Thank you for your recent inquiry about Ethylene Oxide and Phthalate Esters.

- Phthalate Esters are not used in the milling process and not part of packaging used by Ardent Mills.
- Ethylene oxide (EtO) is not used in the manufacturing process or present in final products made by Ardent Mills.

This is accurate to the best of our knowledge, based in part on information provided by the suppliers of ingredients.

Please do not hesitate to reach out with any further questions or concerns.

Sincerely,

Ardent Mills Regulatory Team
AMRegulatoryRequest@ArdentMills.com
